

The screenshot shows the 'Corps SignPro Sign Data Management' interface. At the top, there is a navigation bar with 'logout', 'inventory', 'reports', 'orders', and 'catalog'. Below this, the current project is identified as 'National Sign Program MCK - Mississippi Headwaters Project - Leech Lake' with '0133sign 30 of 36 (id 18810)'. Navigation links include 'previous', 'first', 'last', and 'next'. A secondary set of links includes 'overview', 'history/cost', 'notes', 'maps', and 'photos'. The main content area displays a sign design for 'sign 0133' with the text: 'Firewood Alert', 'Only Certified Or Local Firewood Allowed'. To the right of the sign are zoom controls. Below the sign is a 'legend lengths (A/M = 1")' table and a 'panel (rounded to nearest 0.125")' section with input fields for 'A:', 'Inches:', and 'Grid:'.

| legend lengths (A/M = 1") | | | | |
|---------------------------|---------|---------|---------|-------|
| 9.945A | 5.3025A | 12.455A | 11.075A | 5.74A |
| 9.945" | 5.3025" | 12.455" | 11.075" | 5.74" |
